

IMPACT REPORT 2022- 2023

A YEAR IN REVIEW

Next Generation Tech 360 (NGT360) has made some great progress and experienced some significant growth this 2022-2023 season - We had 23 teams with 90 students and selected 5 of those teams in January to be finalists to complete the program and compete for the awards.

This year, NGT360 hosted the following events for its students, providing them with real world experiences, as well as ways to celebrate their hard work.

- Pre-Game Event at Embarc Collective featuring our finalists
- Final Pitches @ University of Tampa
- Award Ceremony @ Accenture
- Fundraiser @ Centre Club

NGT360's growth during the 2022-2023 season was catalyzed by the many new partnerships the organization formed with other businesses and institutions, such as TIE Tampa Bay and various Hillsborough County schools.

NGT360 IN TAMPA

This season, NGT360 expanded to Hillsborough county for the first time. Two workshops were held each month to accomodate for this new expansion - one in Pinellas County, and one in Hillsborough - making sure that every student had equal access to opportunity and our business network. Thank you to St Leo for hosting us in your Tampa location.!

PARTNERING WITH TIE

This year, the winning team was offered a chance to attend the TIE Youth Global Entrepreneuership Competition in San Diego, California. The winning team, Highkey, was provided with the opportunity to not only complete for additional awards, but attend networking events such as a dinner cruise and tours of promenent businesses and schools within the San Diego Area..

SEASON SPENDING

Revenue:

- \$ 38,897.94

Expenditures:

- Expenditures
*\$16000 saved for scholarships

Net Income:

- \$4,781.00

Fundraiser	\$ 5,397.94
GTE Financial	2,500.00

FUNDRAISER

The NGT360 was selected by Centre Club to be part of their Helping Hands charity fundraisers. We had a successful fundraiser show casing our 2022-23 award winners with live entertainment. and auction.

TAMPA BAY OPPORTUNITIES

This season's winners, Highkey, were selected to speak at Accenture's reopening of their Tampa location and at Powered Up (May 17 at Mahaffey Theatre in St Pete).

INTERN PROGRAM

In the 2022-2023 year, the NGT360 program continued to host its internship opportunity that grants alumni with the chance to work behind the scenes on program events, marketing, and administration. This allows them to develop additional real world skills in running a business as well as leadership skills.

CLOSING REMARKS

This was an incredible season and I am so grateful for all the support of of the Tampa Bay community (business, education and families). Together we are making a difference in the lives of our youth and community. It is so important to equipt our youth with the proper skills and mindset to prepare them for their adult journey.

This has been a big year for us to have expanded into Hillsbourough county impacting more students and increasing our bussiness community partnerships as well as our relationships with higher Ed. It is a dream come true to be a part of helping our comunity build bridges and work together to develop the next generation of talent. Keeping the heartbeat of the community alive and fostering the talent so we can continue to thrive in this forever changing world of ours.

This is only the beginning of what we can do. Join us so we can expand our reach and be able to provide all of our youth these skills and opporunities to succeed.

ROBYN MUSSLER
(PROGRAM AUTHOR & CHAIR)
