EMPOWERING THE NEXT GENERATION

June 2025 Edition

MOBIXX SHINES AT POWEREDUP

MAY 14th

Mobixx lit up the room at PoweredUP! As this season's NGT360 1st Place team, these talented high school innovators had the opportunity to share their journey, explore emerging technologies, and connect with a vibrant tech community of industry leaders.

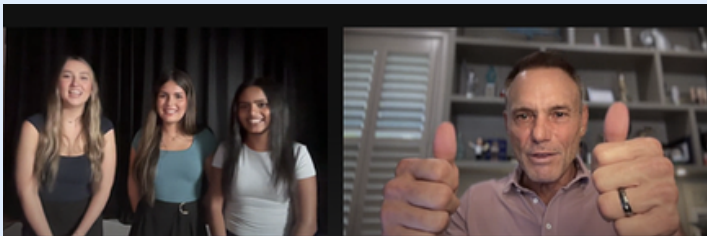

Huge thanks to **Meghan O'Keefe** and the **Tampa Bay Tech** team for the incredible platform—and to our dedicated mentors and sponsors who make opportunities like this possible!

MOBIXX'S PITCH TO KEVIN HARRINGTON

MAY 20th

Time to change things up to present to a VC. In their preparation, the team changed their branding, messaging and go to market strategy. Team Mobixx had the incredible opportunity to **pitch their award-winning project to Kevin Harrington**, an original Shark on Shark Tank and renowned entrepreneur. Thank you to **Cordes Owen** and the **Bake More Pies** team for hosting.

The pitch was a **standout success**—and we're excited to share that Kevin was so impressed, he offered to **join their board of advisors**. He especially praised their smart short-term strategy.

NATIONAL STAGE AT WAWABILITY 2025

Chris Wilson, AnnMarie Killian & Warren "Wawa" Snipe officially invited NGT360 & Mobixx to present at **WAWABILITY 2025 this July in Washington, D.C.** As NGT360 ambassadors, they will share their NGT360 experience and showcase their inclusive innovation on a national stage during the **35th anniversary celebration of the ADA**. We are excited to be part of making history with WAWABILITY and proud to have the team represent NGT360 demonstrating its impact on youth innovation and inspiration for meaningful change.

A DECADE OF INNOVATION AND TRANSFORMATION

This season marked a major milestone - **10 years of NGT360** empowering high school students to turn bold ideas into real-world solutions. What began as a pilot in Pinellas County has grown into Florida's leading youth tech accelerator, helping students build products, launch ventures, and lead with purpose.

Season 10 spotlighted inclusive design for individuals with disabilities, and students rose to the challenge with passion, creativity, and impact.

As we close out the season, we're already gearing up for what's next. New teams, new challenges, and new possibilities—**because NGT360 is just getting started.**
