EMPOWERING THE NEXT GENERATION

SEASON 11

A new era with...

SHARKMAKERS

Continuing our mission with even greater impact, we proudly introduce SHARKMAKERS — a new era that reflects the bold, creative, and entrepreneurial spirit of our students. SharkMakers represents more than a title; it's a movement of young innovators designing with empathy and creating with purpose.

- **Collaborative Innovation:** Student teams develop solutions to real-world problems. Emphasis on creating inclusive and accessible innovations that benefit everyone.
- **Shark Tank Presentations:** Teams present ideas to expert "sharks," enhancing confidence and entrepreneurial skills.
- **Beyond the Prototype:** Students become leaders and changemakers, producing products with community impact while being mentored by industry experts.
- **New Programming:** In addition to our HS cohort we are launching a national collegiate program focusing on accessible innovations.

TEEN INNOVATORS
