EMPOWERING THE NEXT GENERATION

September 2025 Edition

A NEW SEASON, A NEW CHAPTER

September is a season of renewal and growth. With the start of a new school year, **NGT360 proudly launches Season 11**—bringing bold opportunities for students, mentors, and sponsors to shape the future of accessible innovation.

Schedules and info sessions will be released **later this fall when registration opens**.

Building on the momentum of **WAWABILITY 2025** and the debut of **Sharkmakers**, we're setting the stage for the most impactful year yet. Together, we'll empower youth to **design, innovate, and lead with empathy and purpose**.

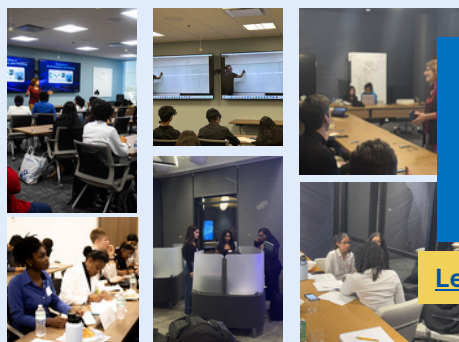

"Next Gen Tech 360 has given us more than just entrepreneurship skills, it has given us perspective, purpose and the confidence to believe in our own skills."

This year, Season 11 continues our mission with **even greater impact**:

Collaborative Problem-Solving – Student teams design solutions that matter for people with disabilities.

Shark Tank-Style Pitches – Teams refine ideas and pitch them to "sharks," building confidence and entrepreneurial skills.

Beyond the Product – Students develop leadership, mentorship, and community impact strategies.

Spotlight at WAWABILITY 2026 – The winning team will have the chance to showcase their innovations on a national stage.

MENTORSHIP: THE HEARTBEAT OF INNOVATION

Season 11 is looking for mentors who are ready to invest in the next generation. Mentorship is the heartbeat of NGT360, students thrive when guided by professionals who share their expertise and encouragement.

As a mentor, you will:

- ➔ Coach students on design thinking, teamwork, and problem-solving.
- ➔ Share real-world insights from business, technology, healthcare, design, and more.
- ➔ Watch students transform from curious learners into confident innovators.

PARTNER IN BUILDING THE NEXT GENERATION

Behind every breakthrough is a community that believes in possibility. **Sponsors fuel NGT360's ability** to provide resources, scholarships, and platforms for students to shine.

Sponsorship isn't just financial support—it's a **partnership in shaping the future of accessible innovation**.
