EMPOWERING THE NEXT GENERATION

December 2023 Edition

NGT360 IN ACTION

In recent NGT 360 events, we were privileged to have outstanding individuals shaping our young innovators. We extend our gratitude to these contributors for their time, expertise, and dedication to nurturing the next generation of innovators.

Our speakers guided our entrepreneurs through UI and UX design, ultimately enhancing their products. **David Malone**, Senior IoT Specialist SA at Amazon Web Services, took our participants through architecture, while **Jessica Wikholm**, Quality Assurance Automation Lead at Geographic Solutions Inc, shared the balance between design and functionality in UI/UX, sparking creativity and deeper user-centric understanding.

We would also like to highlight **Brenda Morrell**, a Senior Product Manager. Her mentorship continues to illuminate the path for those navigating product management.

Our Mini sharks provided expertise to our entrepreneurs throughout the workshop, giving them critical feedback and confidence. Thank you to **Frank Nunez**, **Andrew Collier**, **Annette Yucha**, **Sarah Hussain**, **Scott Vejdani** helping to bring clarity, vision and strategy to our entrepreneurs.

TOP FUNDRAISERS

We celebrate the efforts of **Aashi Shrivastava** from **Team Cultural Insights** and **Luke Majczszak** from **Sunbrick Studios**, who have gone above and beyond in her fundraising endeavors for NGT 360.

Their dedication has not only raised over **\$250** each but has also earned them a well-deserved **\$50 gift card**, an exclusive NGT **shirt**, and a coveted ticket to the **Synapse Summit**, a premier convention for innovation startups and venture capitalists. Their achievements are a testament to the commitment of our young entrepreneurs.

As we applaud their remarkable progress, let's rally behind them on their entrepreneurial journeys. Your support matters, and every donation brings us one step closer to our collective goal. They are now halfway there, and with your help, we can propel all of our aspiring innovators towards even greater heights.

DATES

Workshops were held Dec 5 & 6

Next workshop - Jan 10 @ Accenture

EMPOWERING THE NEXT GENERATION

December 2023 Edition

GIVING TUESDAY

We extend our thanks to each donor who played a role in making **Giving Tuesday** a resounding success. Your contributions are investments in the dreams and ambitions of our young innovators.

Through your generosity, NGT 360 continues to pave the way for a future by providing mentorship, resources, and opportunities that shape the trajectory of these young minds. We want you to know that your support is an inspiration for the entire NGT 360 community.

You can still **donate** to empower these young minds and contribute to the future of innovation. Together, we are encouraging innovation and cultivating the leaders of tomorrow.

Thank you for being a vital part of our journey. Your belief in the potential of our youth is transforming dreams into reality. The requirement for moving forward as a finalists for each entrepreneur is a \$500 raise. **Be a part of helping them to achieve this goal. To donate and support our young entrepreneurs, click [here](#).**

\$500 -		Team Highest Minimum Raise \$3500

MOTIVATION

"Design is not just what it looks like and feels like.
Design is how it works."

— Steve Jobs

In these words, **Steve Jobs** encapsulates the essence of our endeavors at NGT 360. We understand that **innovation** goes beyond aesthetics—it's about functionality, user experience, and the integration of ideas. As our innovators embark on their journeys, let them be guided by this insight, embracing the holistic nature of design.

May his words inspire a mindset where **design** becomes a driving force for transformative ideas and groundbreaking solutions for our entrepreneurs.

Happy Holidays

As **the Holidays** approach, we want to wish our NGT360 community a joyous holiday season! As we reflect on the past year, let's celebrate the spirit of giving and the boundless potential of our youth.

**Happy
New Year**
