501 E Kennedy Blvd, Ste 650
Tampa, FL 33602

JOIN US!

New Partnership

We have partnered with WawaFest who is an organization that supports all of those with disabilities and will be putting on a first time ever three day festival in Washington, D.C. (July, 2025), dedicated to promoting and showcasing the talents of artists with disabilities. WawaFest aims to lead the charge towards greater inclusivity in the arts, and beyond. Providing a barrier-free entertainment experience for all.

New this season - This season's theme for participant ideas and products is "Different-Ability." Products must address a problem that assists those who are differently-abled through technology. Winners will receive an all-expenses-paid trip to showcase their product at WawaFest. We are excited about this opportunity to enhance our participants awareness, skills toolkit and impact to our community!

TEEN INNOVATORS

This month's theme to compliment our bootcamp will be,

"How to come up with a creative idea"
